

QUARTERBACK FARM

ABILITY FEEDS CONFIDENCE

Personal Training, Classes and Camps

Winter / Spring / Summer / 2009

Why choose the QB Farm?

Quarterback coach Steve Gregory is one of the premier QB coaches in the country. He has the unique ability to teach QB fundamentals and enhances his student's skills and abilities. In a short period of time he can pinpoint weakness in footwork mechanics, passing position, and throwing motion. His drills correct these weaknesses, eliminate wasted motion and increase throwing accuracy as well as split-second decision making that is vital for the quarterback position. Steve's coaching reputation has exploded across the country by word of mouth and through success stories of young quarterbacks from Wisconsin to Texas.

ABILITY FEEDS CONFIDENCE!

Personal Quarterback Training

The success of the QB Farm has been built on Coach Gregory's individual training sessions. His philosophy is, "the faster a QB can get into perfect passing position (without hitching back towards the line of scrimmage), the faster the ball is out and in the hands of the receiver." His unique method of coaching regarding precise footwork, reading during the drop and passing accuracy is what sets him apart from other QB coaches. It sounds simple but it is the most under coached aspect of QB mechanics. Personal training sessions are the quickest and most effective way to achieve maximum results for your son's quarterback skills.

Three 8 Week Quarterback & Wide Receiver Training Courses

The 8 week training course is one of the best venues in the country to reinforce QB & RW skills in order to build self-confidence.

Coach Gregory,

"I would like to thank you for your winter 8 week camp. If my son took anything away from the camp it was confidence. His 3 and 5 step drops are impressive. He doesn't just play QB, but he looks like one during the game with his mechanics. It may sound funny, but when the other coaches and teammates had their first glimpse of my son's form and ability, it created a state of team confidence and instantly knew we had a chance to win."
